

## Fuel Battery Partners

Fuel Medical Group is proud to offer access to high-quality, mercury-free batteries now directly through ReSound and Starkey. Our members can enjoy the reliability of Rayovac's top-tier materials, a sturdy design and a higher capacity than standard mercury batteries, which translates to a longer shelf life and satisfied patients.

Both ReSound and Starkey offer standard and private-label batteries. For more information on pricing, how to order and private labeling from each manufacturer, please see below.

ReSound offers Rayovac Proline Advanced batteries in the following four sizes: 675, 312, 13 and 10A. They offer 10 cards of six with a minimum order quantity of 10 cartons per order. The pricing starts at \$0.21 per cell or \$12.80 per carton. Private labeling is included upon request.

Please see the following instructions below on how to order private-label batteries from ReSound:

1. Submit the image, logo or specific colors you'd like to have on the label to your GN ReSound customer care rep.
2. Review the artwork for approval. Confirm your clinic name, address and phone number are correct.
3. Upon approval, your order will be submitted.
4. Please allow one to two days before you start ordering your private-label batteries.
5. Please call your GN ReSound customer care rep at 1-800-248-4327 when you place orders.

Non private label batteries can be ordered online through your account at [pro.resound.com](https://pro.resound.com).

Starkey offers Rayovac batteries for our members at \$0.21 per cell or \$12.60 per carton. They offer a six-pack, long tab in a 60-count and a cochlear option for \$30, which is a 60-count.

Custom private labeling is offered, but there is a one-time setup fee of \$30. Creation of the label takes five business days. Alternative options are a blank label or a Starkey label.

Members have the choice to ship via UPS, choosing between Ground, 2<sup>nd</sup> day and Overnight, with varying pricing for shipping. Shipping is cut off daily at 1 p.m.

To order Rayovac batteries through Starkey, please call 1-800-328-8602 or email Bruce Himple at [bruce\\_himple@starkey.com](mailto:bruce_himple@starkey.com).

For all Rayovac batteries, all sizes come in new child-proof packaging as required by FDA Reese's Law, effective 5/8/2024.
